

Sefar Solutions for Diagnostics

SEFAR MEDITEX fabric improves the measurement speed and accuracy of diagnostic test strips.

The homogeneous structure and hydrophilic surface guarantee a rapid and even distribution.

Product Features

Function

SEFAR MEDITEX HPL serves as an aid to good distribution on test strips. The outstanding properties of the product allow maximum flexibility in the design of the test strips and guarantee accurate and reproducible test results.

Your Benefits

- Precise fabric dimensions
- Homogeneous material properties
- Exceptional lot-to-lot consistency
- Defined surface characteristics
- High throughput rates
- Excellent particle retention efficiencies
- Non-shedding due to monofilament yarn
- High wicking rates due to specific weave constructions
- High wettability due to hydrophilic surface coatings
- Unrivaled two-dimensional stability
